WHY USE PRINT MEDIA ALONG WITH YOUR SOCIAL MEDIA MARKETING...

Print Media & Advertising Advantages:

Unlimited Exposure: Unlike television or radio where advertising time is scheduled, prospects have potential exposure to print ads at virtually any time. A newspaper or magazine left on a coffee table can be viewed repeatedly and at the reader's discretion. The reader also has the opportunity to study the ad at his leisure and isn't limited to 30 or 60 seconds.

Non-Intrusive: Print ads are less intrusive than other forms of media. Radio and television ads often interrupt programming which can sometimes be an annoyance. Unsolicited direct mail often will be tossed out. The Trader is voluntarily picked up or viewed online every week by people looking for information about what your business has to offer.

Loyal Readership: Print media sources tend to have longstanding, loyal readership. People may read their copy more than once and may keep them for long periods of time. This frequent readership helps reinforce the advertiser's message or even develops an ongoing campaign that may cover multiple issues. Advertising in publications that have been around for many years can also lend credibility to the advertiser. The Country Trader has served this community for over 30 years with affordable advertising to fit any budget.

Position Flexibility: Advertisers usually have a choice as to where they place their ad in the publication. If the budget allows, the advertiser may choose the location that offers the highest visibility, such as the front cover or above the fold. Newspapers also offer the flexibility to choose the desired ad size, such as a full page or quarter-page.

Email gwen@countrytraderonline.com if you have questions or want to reserve your advertising space. Check out our website www.countrytraderonline.com and on Facebook.
