In sports it's crazy with changes of schedules & players moving around. The higher up trying to keep players, coaches, and fans safe. News out now has the Vols playing West Virginia in Memphis in Liberty Bowl at three in the afternoon. The play off has Alabama, Clemson, Ohio State, Notre Dame in National playoff. Lady Vols basketball great. Men in Orange young but top ten in ranking. Vandy gets local guy as new head football coach. High schools trying hard to get basketball games in. Preds in pro hockey ready to go. Rumor still has Nashville getting Major League Baseball. Yes, there will be racing in the area in the city and Super Speedway at Wilson County line ready to run. Yes, TV reporters will report to you from their homes.

Stores insist you wear a mask, food can be delivered to your car, many more once in a lifetime happenings.

We pray the new shots will put vaccine into our body to protect us. The world is holding its breath. We watch for a change at the top in USA government.

Our prayers to students and families for your safety. My very, very best wishes to ALL for a Merry Christmas and a Happy New Year.

## ADD THE COUNTRY TRADER TO YOUR LIST OF MARKETING OPTIONS IN 2021!

**LET THE  
COUNTRY TRADER HELP YOU  
MARKET YOUR  
BUSINESS  
in 2021!**

*Print Advertising  
reinforces your  
social media,  
website, radio and  
television  
advertising and our  
readers will keep it  
for future  
reference.*

*It also reaches customers  
who are without internet  
access or don't use  
social media.*

### Print Media & Advertising Advantages

Your business can pursue a number of avenues when it comes to promoting your products and services. Advertising can take the form of television or radio spots, placing billboards in high-traffic areas or using the Internet. You can also make use of print advertising, which offers its own set of advantages over other forms of media.

### Unlimited Exposure

Print media such as newspapers and magazines allow for unlimited exposure. Unlike television or radio where advertising time is scheduled, prospects have potential exposure to print ads at virtually any time. A newspaper or magazine left on a coffee table can be viewed repeatedly and at the reader's discretion. The reader also has the opportunity to study the ad at his leisure and isn't limited to 30 or 60 seconds.

### Non-Intrusive

Print ads are less intrusive than other forms of media. Radio and television ads often interrupt programming which can sometimes be an annoyance. With print media, the prospect has greater control as to when she views the ads, which eliminates interruptions.

### Target Marketing

Certain forms of print media allow for a high level of target marketing. Magazines, for example, tend to be highly specialized, so ads can be developed to appeal to a specific readership. For example, companies that manufacture upscale clothing for men can target their ads to publications that appeal to professional males. A manufacturer of fishing gear can place ads in hunting and fishing publications.

### Loyal Readership

Print media sources tend to have longstanding, loyal readership. People may read their copy more than once and may keep them for long periods of time. This frequent readership helps reinforce the advertiser's message or even develops an ongoing campaign that may cover multiple issues. Advertising in publications that have been around for many years can also lend credibility to the advertiser.

### Position Flexibility

Advertisers usually have a choice as to where they place their ad in the publication. If the budget allows, the advertiser may choose the location that offers the highest visibility, such as the front cover or above the fold. Newspapers also offer the flexibility to choose the desired ad size, such as a full page or quarter-page.
